RE: Co-Sponsor Request: Reduced Mandated Sick Days for Public Employees

I will soon introduce legislation to align public employees' sick day allotment with the standard allotment for state public employees.

State employees receive 10 sick days per year, while many local government employees receive an excessive 15 sick days per year (3 weeks). This legislation makes 10 sick days per year the standard across the board - impacting county, municipal, civil service township, school district, and university employees. This will help create fairness between state and local government employees. The bill contains a provision that restricts collective bargaining agreements from requiring local governments to provide more than the state mandated number of 10 sick days annually.

By forcing local governments/taxpayers to provide an excessive number of sick days, the state is driving-up local governments' costs. You will be hard pressed to find any private-

sector business that provides 15 sick days annually. Also, government employees receive additional, generous amounts of personal days and vacation leave. The legislature created this excessive mandate and it is time for us to fix it. Please join with me to support a reasonable standard and provide relief to our local governments.

If you would like to co-sponsor this legislation or have any questions, please contact my Legislative Aide, Blake Springhetti, at Blake.Springhetti@ohiohouse.gov or at (614) 466-1731 by **Tuesday, June 13**.

Sincerely,

Volume #86, Report #151 -- Monday, August 7, 2017

Collective Bargaining Consultant Contract Gets Controlling Board Approval

Controlling Board members on Monday approved a new contract for a Columbus law firm to do consulting work on collective bargaining issues after lawmakers asked about the job and procurement process for the contract.

Without objection, the board approved the \$480,000 contract between the Department of Administrative Services and Baker Hostetler, LLP. The firm will provide labor relations and collective bargaining consulting and negotiation services.

Sen. Charleta B. Tavares (D-Columbus) asked if the state was developing the internal capacity to handle labor issues and contracts without having to pay outside help.

Jennifer Leymaster, chief financial officer for DAS, said negotiations for large contracts often require outside assistance.

"It is customary for us to seek outside consulting services when doing the negotiation for these major contracts, as I believe is customary for organizations of our size," she said.

Kristen Rankin, deputy director for the DAS Office of Collective Bargaining, said the work fluctuates year-to-year as different contracts come up for renewal.

She said the state has been working with Baker Hostetler since 2014 and the firm has a good understanding of the state's labor relations.

Rep. Hearcel Craig (D-Columbus) asked about the increase in the value of the contract this year, up from about \$300,000 last year.

Ms. Rankin said the state is entering negotiations with its largest union this year, meaning there will be more work ahead.

The board also approved several contracts from the treasurer's office after Sen. Tavares asked for the reasoning behind waiving competitive selection.

Deputy Treasurer Seth Metcalf said all of the items were continuations of ongoing projects. In one case, the office did receive another bid, but it was significantly higher than the bid by the existing contract. That project involves custom-built software designed by the current contractor.

"We suspect that the additional bid was very high because the learning curve for a new provider would have been significant," he said.

The board approved a request for more than \$8.3 million over two years from DAS for a contract for postage funds. Rep. Andy Brenner (R-Powell) asked if other firms, such as Stamps.com, might be able to offer the state better rates.

Ms. Leymaster said firms like Stamps.com might not be able to handle the volume of mail the state sends out, but that DAS would look into it.

The board accepted a transfer of \$2.2 million from the Emergency Management Agency into its emergency fund, repaying the final payment of the money used to reimburse states that sent law enforcement to help at the Republican National Convention in Cleveland last year. The EMA said it has received reimbursement from Cleveland for all of the 18 states that assisted.

A request for \$605,961 from the Department of Developmental Disabilities to improve the fire alarm system at Cambridge Developmental Center was deferred.

Other items approved by the board included: (Agenda)

- \$534,000 - Central State University - for a library structural repair and modernization project.
- \$3.2 million - Clark State Community College - for renovation of Rhodes Hall.
- \$2.4 million - Columbus State Community College - for the Culinary and Hospitality School building project.
- \$226,275 - Department of Health - to purchase cystic fibrosis test kits.
- \$374,400 - Department of Mental Health and Addiction Services - for a contract for forensic psychiatric services at Summit Behavioral Healthcare in Cincinnati.
- \$1.2 million - Department of Developmental Disabilities - to contract with various providers for early intervention hearing services for children.
- \$1.1 million - Department of Natural Resources - for a contract amendment to provide construction administration and material testing at Buckeye Lake Dam.
- \$5.3 million - ODNR - to contract for improvements at a variety of state parks.
- \$749,510 - Department of Rehabilitation and Correction - to replace the roof at the Corrections Training Academy in Orient.
- \$53.6 million - Department of Transportation - for contracts with 52 consulting firms for a variety of services.

- \$212,154 - Bureau of Workers' Compensation - to renew a contract for IT services analyzing business processes.

Seitz Plans To Push For Passage Of Death Penalty Exemption Bill This Fall

The sponsor of a bill to exempt the seriously mentally ill from the death penalty expects the measure to move in the fall.

The legislation (HB 81) would exempt from the death penalty those diagnosed with schizophrenia, schizoaffective disorder, bipolar disorder, major depressive disorder or delusional disorder at the time a capital offense was committed.

Bill Seitz

"I'm raring and ready to go as soon as we get back to try and move this forward in the House," sponsoring Rep. Bill Seitz (R-Cincinnati) said in an interview.

The bill has had three hearings in the House Criminal Justice Committee. Rep. Seitz said he was ready to move the measure prior to lawmakers leaving town for summer vacations, but he was told to hold off.

"We were really ready to go at the end of session back a month ago, but they wanted to keep controversial things off the radar screen as we focused all of our attention on the conference committee process and budget overrides and things like that," he said.

Chairman Sen. Kevin Bacon (R-Minerva Park) expressed uncertainty about the fate of the bill in the Senate Judiciary Committee. (See Gongwer Ohio Report, August 4, 2017)

But Rep. Seitz said he is confident about the bill's prospects in the upper chamber.

"All I can tell Senator Bacon is that when I had the bill the last time in that chamber, there were 31 of 33 senators ready to vote for it. Maybe he hasn't started counting noses yet," he said, adding that the two opponents of the last version of the bill are now serving in the House.

The bill has run into stiff opposition from the Ohio Prosecuting Attorneys Association. Executive Director John Murphy has said that current law already provides those suffering from mental illness with the opportunity to be deemed incompetent to stand trial or mount a not guilty by reasons of insanity defense. (See Gongwer Ohio Report, June 6, 2017)

Despite the opposition, Rep. Seitz does not believe the OPAA will be able to sink the bill.

"It's got an awful lot of support and the only people that have come out against it are the prosecutors and their reasoning doesn't satisfy me," he said. "They were opposed to it the last time on the same basis."

Given the state's recent resumption of the death penalty, Rep. Seitz believes the bill will gain even more traction. (See Gongwer Ohio Report, July 26, 2017)

"I think with all the recent furor over the resumption of executions in Ohio people ought to at least recognize this for progress in terms of narrowing the range of cases in which the death penalty may be imposed," he said.

The legislation is based off of one of several recommendations made by the Ohio Supreme Court's Joint Task Force to Review the Administration of Ohio's Death Penalty.

"The bottom line is this was a central recommendation of the death penalty task force," Rep. Seitz said.

Supporters Hope Palliative Care Measure Gains Traction After Recess

Legislation first offered last year and introduced again in June intends to increase awareness and access to palliative care for patients with serious health conditions.

The bill (HB 286), sponsored by Rep. Sarah LaTourette (R-Chagrin Falls), would establish a state council to oversee palliative care and create programs to raise awareness and utilization of the approach.

Rep. LaTourette

It's a personal issue for the sponsor. Her father, former U.S. Rep. Steve LaTourette, received palliative care before his death last year from pancreatic cancer. (See Gongwer Ohio Report, August 7, 2017)

"I saw the dramatic difference that access to early palliative care had on his life and our lives," Rep. LaTourette said in an interview. "I want everybody in the state to be aware that palliative care is not just hospice care."

Rep. LaTourette first introduced the measure (HB603, 131st General Assembly) toward the end of the last General Assembly. It received a hearing before the House Health and Aging Committee. (See Gongwer Ohio Report, October 26, 2016)

The new version of the bill retains almost all of that proposal's components but does not include provisions that would levy fees or fines on hospitals that don't comply, she said. That has eased some concerns from industry groups, she said.

The move toward expanding the reach of palliative care is a priority for advocacy groups such as the American Cancer Society Cancer Action Network, who included the practice on their annual report card for state cancer policies. (See Gongwer Ohio Report, August 4, 2017)

Jeff Stephens, ACS CAN's state government relations director for Ohio, said the group is also working on similar legislation at the federal level.

"It's a form of treatment that's been proven to increase health outcomes at a reduced overall health care cost. It works," he said.

The bill would create an interdisciplinary advisory council at the Department of Health and create a set of criteria to identify patients who are best suited to the care approach.

"We do a pretty OK job of offering it in Ohio but we need to build the pipeline of professionals who are coming into to this treatment and we need to educate patients about what palliative care is," he said.

Mr. Stephens said it's important for providers to consider how different palliative care can look in different parts of the state. While it typically includes the treating doctor, a pharmacist, social workers, spiritual leaders and others who surround the patient with support, that team could look different in rural areas than it would in cities with access to wide varieties of professionals.

"We're all very hopeful there's going to be movement on that this fall," he said.

The proposal hasn't yet been assigned to a committee, but Rep. LaTourette said it will probably go through the House Aging and Long-Term Care Committee.

"My hope is that shortly after we come back for the fall that we start moving quickly," she said.

Long-Awaited Federal Study To Protect Great Lakes From Asian Carp Released

A long-delayed federal plan to prevent Asian carp from entering the Great Lakes was released Monday after months of prodding from congressional delegates in Ohio and other states.

The report from the U.S. Army Corps of Engineers spells out \$275 million in proposals to upgrade the Brandon Road Lock and Dam in Illinois in order to shield the lakes from the invasive species.

Ideas in the report include electric barriers, flushing locks, water jets, and complex noise generation. If approved, the project has an estimated completion date of 2025, according to the report. Critics have argued the plan could impede commercial traffic in the region.

The 488-page report was originally slated for release in February, but was delayed by the Trump Administration. Democrats have contended that the decision to delay the report was political in nature. (See Gongwer Ohio Report, May 1, 2017)

"It is encouraging to see that the U.S. Army Corps' recommendations include serious measures to deal with this invasive species," U.S. Rep. Marcy Kaptur (D-Toledo) said in a statement. "Now that we have real information on costs we can move on and receive input from stakeholders, whose livelihoods depend on us keeping the Asian carp out of the Lakes."

Both she and U.S. Sen. Sherrod Brown (D-Cleveland) earlier this year introduced standalone legislation that would have forced the Trump Administration to make the study public. (See Gongwer Ohio Report, June 23, 2017)

"We are now one step closer to taking action to protect our Great Lakes from Asian carp," Sen. Brown said, "and I look forward to working with Sen. Portman and my other Great Lakes colleagues to turn this report into concrete actions that will benefit our Lakes."

The discovery of an Asian carp in June just nine miles from Lake Michigan added new urgency to the matter. It also prompted state officials to enter the fray, with Attorney General Mike DeWine writing late last month to the Department of the Army and saying the delay "in the face of this immediate threat is unacceptable." (See Gongwer Ohio Report, June 30, 2017)

There will now be a 45-day public review period for the draft report, ending Sept. 21. Comments will be accepted online, by letter and at public meetings yet to be scheduled.

U.S. Sen. Rob Portman (R-Terrace Park) said the lakes and the local economies they support must be protected.

"The Great Lakes support a \$7 billion fishing industry and Lake Erie contributes more than \$10 billion to Ohio's tourism industry, both of which would be jeopardized if Asian Carp were allowed into the Great Lakes," he said. "It is important that the Corps remain on schedule to finalize the plan by January of 2019, and I look forward to working with stakeholders and the Corps to do just that."

Environmental groups praised the release, with the Alliance for the Great Lakes, the Sierra Club, the Natural Resources Defense Council and several other groups issuing a joint statement.

"We look forward to reviewing the findings in detail and to continuing the conversation on this critical issue with elected officials and concerned citizens during the public comment period," the groups said. "The U.S. Army Corps of Engineers must listen carefully to public input on the study and then move quickly from study to implementation of additional protection measures at the Brandon Road Lock and Dam, a logical choke point in the system."

The Ohio Conservation Federation and its counterparts from Indiana, Michigan, Minnesota and Wisconsin issued a similar joint statement.

"After months of unnecessary delay, we are excited that the potential options for improving defenses against Asian carp at the Brandon Road Lock and Dam will see the light of day," they said. "There is still much work yet to be done in this process. We look forward to working towards securing stronger protections to keep Asian carp out of our Great Lakes."

Environmental Groups Question Rover Excuses For Fuel In Wetland Spills

The company behind the Rover Pipeline project told federal regulators it believes it's possible traces of diesel fuel found in wetland spills earlier this year were planted by "malicious" opponents.

But environmental groups say the company is attempting to divert attention from Rover's actions and that increased security around the spill sites - by both the company and state regulators who were investigating the spills - renders the idea of sabotage "farfetched."

It's the latest back and forth between Rover Pipeline LLC, its parent Energy Transfer Partners, and advocates urging the Federal Energy Regulatory Commission to halt construction of the 700-mile pipeline that has been at the center of controversy for months.

In its most recent filing (PDF) before FERC, the company for the first time agreed with the Ohio Environmental Protection Agency's assessment that diesel fuel was present in millions of gallons of drilling mud spilled into Ohio wetlands at several sites earlier this year. (See Gongwer Ohio Report, June 2, 2017)

But Rover stopped short of accepting the blame, saying it "has no evidence that the diesel was the result of a spill or failed containment" experienced during its horizontal drilling and construction activity.

"This data alone, however, does not demonstrate that diesel fluid (or other petroleum hydrocarbons) entered the slurry as part of the HDD process or that there was a widespread impact," the company wrote.

"Rover theorizes that these diesel concentrations could have been caused by an inadvertent and unreported spill or leak from equipment operating during the clean-

up...or it could have been the deliberate or malicious act of individuals opposed to the project," the company continued. "Given the extensive inspection and oversight at this and other sites along the project, it is difficult to imagine that this occurred from an unreported spill or leak."

Cheryl Johncox of the Sierra Club's Beyond Dirty Fuels Campaign rejected that claim. She said in an interview that OEPA testing revealed fuel traces at several different sites.

"It's very unlikely somebody trying to sabotage the project would know where those sampling locations were," she said. "The other thing of note is this occurred on private property...(and) they were very actively patrolling that spill site and keeping people off. It's very unlikely somebody was able to access that area in order to sabotage the project."

Heather Taylor-Miesle, executive director of the Ohio Environmental Council, said the company's claims are the latest demonstration of the company's "lack of respect for Ohioans and our environment."

"Claiming they were sabotaged or framed without any evidence whatsoever is merely another attempt for Rover to deflect blame and avoid owning up to the consequences of their actions," she said. "We are taught in kindergarten to clean up after ourselves, and Rover should remember this important childhood lesson."

Regardless of how the fuel entered the slurry, the company said it is "deeply troubled by any of these potential scenarios and has taken steps to address these possible sources."

Those steps include reiterating to employees and contractors that all construction must adhere to the FERC certificate and other spill prevention and response procedures. Additionally, it will remind workers that secondary containment must be used for equipment working in or near wetlands and bodies of water and prompt notification is required for spills of hazardous materials.

In the event an outside agent introduced fuel to the situation, the company said it has increased security to oversee the Tuscarawas site and has "increased scrutiny of all personnel entering and leaving all HDD sites."

The filing comes one week after Kelcy Warren, CEO of Energy Transfer Partners, which is Rover's parent company, told federal lawmakers he was "baffled" by criticism of the company and allegations of rule violations from regulators and congressional Democrats following the spills.

Tavares Bill Aimed At Gender Pay Gap; Schiavoni Targets Charter Overpayments; Renacci, Pillich Announce Endorsements...

Equal pay and charter school funding are the subjects of hot-button measures recently introduced by two Democratic lawmakers.

Sen. Charleta B. Tavares (D-Columbus) is behind legislation (SB 174) she dubbed the "Fair and Acceptable Income Required Act."

"It is shameful that in this day and age women in Ohio make only 78 cents for every dollar made by a man. Without question, equal work deserves equal pay," she said in a release announcing the bill. "At a time when women are increasingly responsible for the economic security of their families, it is absolutely critical to ensure that they earn a wage commensurate with their work - and on par with a man's."

The bill would require employers to substantiate pay differences, prohibit retaliation against workers who discuss salaries with colleagues and bar wage discrimination based on sexual orientation.

"While the Lilly Ledbetter Fair Pay Act of 2009 improved some laws that govern pay discrimination, more must be done to close the wage gap and increase the economic security of women," Sen. Tavares said. "Fair pay would help close the wage gap and increase women's economic security."

Charter Overpayments: A gubernatorial candidate meanwhile is touting a measure to require all money recovered from overpayments to charter schools to be returned to district from which it was deducted. It comes on the heels of the state's plans to claw back funding from the Electronic Classroom of Tomorrow over inflated enrollment data.

Sen. Joe Schiavoni (D-Boardman) said his legislation is expected to be introduced this week.

"Ohio schools are struggling to manage after several years of cuts to their funding. It's only right that the state should return all money taken from these schools in error," he said. "This bill is simple: it creates a uniform rule that all money overpaid to charter schools is sent back to the affected school districts."

Endorsements Announced: Other gubernatorial candidates continue to rack up endorsements.

U.S. Rep. Jim Renacci (R-Alliance) announced the backing of Julie Prince in his bid to replace Gov. John Kasich. She directed Ohio operations and grassroots for Ted Cruz's 2016 presidential campaign.

"In the 2018 gubernatorial race, there is one clear choice for conservatives across Ohio, and that choice is Jim Renacci. Time and again Jim has demonstrated his unyielding commitment to the conservative reforms we need, but which entrenched Columbus insiders have failed to deliver," she said. "Jim is not afraid to take on the establishment or the career politicians who continue to pay lip service to conservatism while perpetuating the status quo."

Added Rep. Renacci: "In her position as the Grassroots and Operations Director for Ted Cruz's presidential campaign in Ohio, Julie played an instrumental role in advancing the

causes of conservatism and liberty - not just for our state, but for our nation as a whole. I am proud to serve as a voice for conservatives across Ohio in this critically important election, and I am committed to delivering the conservative agenda and reforms we so badly need as our state's next governor."

Meanwhile, former Rep. Connie Pillich announced that she has the support of the Cincinnati Building Trades in her Democratic primary contest.

"Connie Pillich is the proven fighter we need as our next governor. Born in the shadow of a steel mill, Connie knows what we face every day," Cincinnati Building Trades Executive Secretary Fred Lampe said. "She has an unrivaled record of standing up for working families, higher wages, and working to create good jobs. Connie has proven herself as the Democratic frontrunner in the race for governor and the Cincinnati Building Trades is proud to have her back."

Added Ms. Pillich: "I'm proud to be endorsed by the Cincinnati Building Trades because I'll never stop fighting for working families, good jobs, and better wages for workers. With the wind at our backs, our people-powered campaign is building more momentum everyday as we work to take Columbus back from the special interests."

Husted Appointment: Secretary of State Jon Husted announced the appointment of Marcella R. Bogenrife to the Madison County Board of Elections.

She was recommended for the post by the Madison County Republican Party Executive Committee.

Casino, Racino Revenue Up Big In July

The state's four casinos showed significant gains in revenue last month compared to June, and the racinos also saw a big uptick in what they took home.

The casinos brought in \$69.9 million in July, up from \$64.1 million the prior month and from \$66.1 million in July 2016, according to revenue reports released Monday by the Casino Control Commission.

Video lottery terminal revenue at the seven racinos totaled \$84.5 million for the first month of the fiscal year, up nearly \$6.5 million from where it was in June, the Ohio Lottery Commission reported.

Hollywood Columbus brought in the most money among casinos at \$18.9 million. That was up from \$17.7 million in June and just a bit above the \$18.6 million it brought in the previous July. The casino was highly dependent on slot machine revenue, with that accounting for \$13.5 million.

Hollywood Toledo also saw a big boost, rising to \$17.6 million from \$16.1 million the prior month. It was up more than \$1 million from \$16.5 million in July 2016. Like its sister

casino in Columbus, the Toledo location leaned heavily on slot machines, to the tune of \$14.8 million.

JACK Cleveland raked in \$16.9 million, up from \$15 million in June and \$15.5 million the previous July. The casino was the most balanced between slots and table games, with slots accounting for \$9.1 million and table games \$7.7 million.

JACK Cincinnati brought in \$16.7 million, up from \$15.4 million both in June and in July 2016. Slot machines accounted for \$10.7 million of the casino's take.

Racinos: Among the state's racinos, Hard Rock Racino-Northfield Park saw the largest gain from June to July, up \$2.7 million to \$22.3 million in revenue from VLT machines.

Scioto Downs was the second-biggest gainer, up \$1.25 million to \$14.25 million in July.

Hollywood Gaming Dayton Raceway was up \$643,130 to \$8.3 million, while JACK Thistledown was up \$605,814 to \$10.1 million.

Belterra Park's revenue was up \$529,680 over June's at \$7.4 million. Revenue at Miami Valley Gaming was up \$428,657 to \$12.4 million, and Hollywood Gaming Mahoning Valley Race Course gained \$300,155 to \$9.8 million.

Please Oppose House Bill 298

Message :
Thomas F. Patton,

I am writing you today to ask that you oppose House Bill 298,
legislation that will take away my right and the rights of many of your
constituents to collectively bargain for a better life.

House Bill 298 takes language straight from Senate Bill 5 dealing with sick time and tries to pass it as a standalone. Senate Bill 5/ Issue 2 was soundly defeated in 2011 by Ohioans who believe that collective bargaining shouldn't be restricted by politicians in Columbus.

I am making sure that your constituents know the truth- that this is just the first step in trying to limit what we can collectively bargain for. Today, it's about sick time; tomorrow it's about how we collectively bargain over pay, safety in the workplace and the how we grieve unfair working conditions. Please help me fight back against attempts to silence my voice at the workplace by opposing House Bill 298.

We didn't send you to Columbus to limit our voice at the workplace. We elected you to stand up and speak for us, create good jobs in your district and raise everyone's wages. Please tell Representative Merrin that you are not interested in making it harder for your constituents to collectively bargain for a better life and that you are opposed to House Bill 298.

Thank you for your consideration in this matter. I look forward to hearing your position on this terrible legislation. Have a great day.

Dear Majority Whip Patton,

As Chairman of We Are Ohio, I am writing to ask you not to sign on as a co-sponsor to Representative John Becker's anti-worker legislation and to oppose Rep. Becker's efforts to hurt working families in your district and across Ohio.

Rep. Becker, we believe, is pursuing an anti-worker agenda pushed by out-of-state interests like the Koch brothers, Americans for Prosperity and the American Legislative Exchange Council (ALEC).

He has outlined six separate constitutional amendments that are all designed to hurt workers, lower wages, decrease safety in the workplace and cause further economic insecurity for the people that you serve.

On behalf of We Are Ohio, I'm asking you to stand for workers in your district and our state and to stand against these out-of-state parties. I'm sure you would agree that Ohio elected officials should represent the people of Ohio, not out of state interests.

We Are Ohio was formed in 2011 when a similar threat to workers' security was passed by the Ohio General Assembly and signed into law by Governor Kasich. We asked the citizens to veto Senate Bill 5 that year and restore collective bargaining rights to public sector employees, and they responded with historic numbers.

Nearly 1.3 million Ohioans signed petitions to put the citizens veto on the ballot, 17,000 Ohioans volunteered for the campaign and, on Election Day, 2.1 million Ohioans voted to veto Senate Bill 5 by a 62-38 margin.

We Are Ohio has remained a force since then. We have held meetings all across the state, have a huge online presence and maintain a database and email list of nearly 1 million voters who agreed with us in 2011.

We believe that the prudent course here is for the legislature to steer away from any anti-worker laws, amendments or ballot initiatives and we ask for your support.

Governor Kasich has acknowledged that such legislation does not attract business to our great state.

I'm respectfully asking you to tell Representative Becker that his ideas are harmful and divisive and that we don't want history to repeat itself.

Christopher Mabe

WKSU: Ohio's Year in Review 2017: Changes to education policy

"Looking back, basically a time of transition and a time of starting to listen to what's going on in the field and starting to implement common-sense reforms as opposed to just mandates that people can't necessarily comply with," Brenner said.

Sandusky Register: Busy year for Shores & Islands

In April we were proud to provide support to the governor's office, city of Sandusky, Cedar Point, state Sen. Randy Gardner, state Rep. Steve Arndt, TourismOhio and others in hosting the governor's State of the State address at the Sandusky State Theatre.

The Advertiser-Tribune: SRPC, elections board ready to go

Reineke presented an Ohio flag and a U.S. flag that were flown over the state capitol building Dec. 19 as a gift to the elections panel. "I'm very happy to be here," he said. "We've all got to keep working together to make great things happen."

WOSU: Ohio lawmaker pushes for harsher penalties for parolees who fail drug tests

Republican state Rep. Niraj Antani, the bill's sponsor, wants to create more access to treatment facilities and says jails should not be used as detox centers. "But until that time, jail is simply the best place for someone to detox and to be safely placed if they are (using) heroin and fentanyl - until we can figure out something else for them," Antani said.

Mansfield News Journal: Community honors law enforcement with 'Spread the Light'

The evening ended with state Rep. Mark Romanchuk, R-Ontario, counting down to officers switching on the lights and sirens in more than a dozen police vehicles to officially "spread the light" and start the week.

Associated Press: Proposed Ohio law would prevent forced nurse overtime

State Rep. Robert Sprague, a Findlay Republican, said he's concerned that exhausted nurses working long hours can lead to preventable medical errors. "It's a recipe for problems," Sprague told The Dayton Daily News.

Findlay Courier: Sprague bill would ban forced nurse OT

A bill introduced in the Ohio House by state Rep. Robert Sprague, R-Findlay, would prohibit hospitals from requiring a registered nurse or licensed practical nurse to work overtime as a condition of employment.

Wilmington News Journal: Guest column from Speaker Cliff Rosenberger: Buckeye Pathway guides policy

This member-driven document outlines our priorities and serves as a roadmap to three objectives: improve Ohio's economic environment, enhance opportunities for all Ohioans, and strengthen families and communities. Halfway through this term, we have approved more than 30 bills that align with these principles.

Toledo Blade: Republican lawmakers push to make Ohio "right to work"

The resolutions are sponsored by state Rep. John Becker (R., Cincinnati) and state Rep. Craig Riedel (R., Defiance). ... "It's not so much that I'm opposed to unions," Mr. Riedel said. "I believe strongly that employees ought not to be required to pay fair-share fees if they choose not to join that union. If that individual chooses not to be a part of that union, they're on their own. They would not get any representation whatsoever by that collective-bargaining agreement."

Your News Now: HB 336 plans to help Ohioans with suspended licenses

"This would help reduce the number of suspensions the bureau has to keep track of, it would also provide an incentive for a person to get insurance, get their license reinstated, and be able, if you're not able now to find a job because of lack of transportation, to be able to do that," said Rep. Bob Cupp, 4th District Rep for the State of Ohio.

Just wanted to give everyone a heads up that I invited Michael Canty to tour Sheet Metal Worker's Local 33's training center located at 12515 Corporate Drive in Parma on January 15th at 9am.

My first meeting with Michael went very well but I wanted him to tour a facility before he makes his mind up on right to work, prevailing wage, project labor agreement, collective bargaining rights, etc... I am a firm believer that we can get Michael

on our side and show a unified front in Northeast Ohio when it comes to labor issues.

It would be great if you guys can attend to show Michael the relationship you guys have with my clients and talk to him a little bit about labor issues in the legislature.

Please let me know if you are able to attend.

Subject: Request for Co-Sponsorship – Paid Family and Medical Leave

MEMORANDUM

TO: All House Members

FROM: Representative Janine Boyd and Representative Kristin Boggs

DATE: February 5, 2018

RE: Request for Co-Sponsorship ¶ Paid Family and Medical Leave

We will soon introduce legislation to create the Ohio Family and Medical Leave Insurance Program. Today we chose to send this co-sponsor request as this date marks the 25th anniversary of FMLA (Family Medical Leave Act). This legislation will provide 12 weeks of family and medical leave benefits, which will permit individuals to care for a family member, bond with a new child, or address their own serious health condition.

Out of 178 countries worldwide, the United States is one of three that does not provide paid leave to new mothers. So far five states— California, New Jersey, New York, Hawaii and Rhode Island offer some sort of paid leave to men and women who provide care. The federal Family Medical Leave Act provides 12 weeks of leave for family and medical reasons. This time is unpaid and employers with fewer than 50 employees are exempt, which eliminates a large segment of workers. Ohio should lead on the issue of paid leave to grow our economy and allow working people to put family first.

The program will be under the purview of the Department of Job and Family Services. An individual would receive leave insurance benefits for: a health condition which makes him/her unable to perform their job duties; caring for a new child during after birth, adoption, or foster care placement; caring for a child, parent, or spouse who has a serious health

condition; or the individual is taking any other leave as authorized by the federal Family and Medical Leave Act. In order to be eligible for program benefits, an individual must file a claim with ODJFS; must have worked at least 680 hours during the base period; premiums have been withheld and remitted for at least one year; and the leave must be for the above-mentioned purposes.

Once established, program benefits will be paid by assessing premiums on employees. Employers will be required to deduct and withhold premiums from employee's wages. However, an employer may opt to pay the contributions on behalf of employees.

An employee who is covered by an employer policy or collective bargaining agreement that provides the employee with greater leave than that provided by the Family and Medical Leave Act may elect not to participate in the Program in accordance with rules adopted by the Director. An employee who elects to opt out of participating in the Program is not liable for any premium or contribution that would otherwise be due under the Program.

Working people in Ohio should not have to worry about losing their job or falling behind financially just to take care of a sick child or relative; address their own serious health condition; or care for and bond with their newborn child. Ohio cities like Dayton and Cincinnati are leading on leave. By allowing working people to put their family first, we can truly make Ohio a better place to live, work, and raise a family.

If you have any questions or would like to co-sponsor this legislation, please contact Dominic Paretti, at 614-644-5079 or via email at Dominic.Paretti@OhioHouse.Gov and Serena Finlay, 614-466-1896 or via email at Serena.Finlay@OhioHouse.Gov. **The deadline to co-sponsor is Friday, March 9 at 4:00pm.**

The program will be under the purview of the Department of Job and Family Services. An individual would receive leave insurance benefits for: a health condition which makes him/her unable to perform their job duties; caring for a new child during after birth, adoption, or foster care placement; caring for a child, parent, or spouse who has a serious health condition; or the individual is taking any other leave as authorized by the federal Family and Medical Leave Act. In order to be eligible for program benefits, an individual must file a

claim with ODJFS; must have worked at least 680 hours during the base period; premiums have been withheld and remitted for at least one year; and the leave must be for the above-mentioned purposes.

Once established, program benefits will be paid by assessing premiums on employees. Employers will be required to deduct and withhold premiums from employee's wages. However, an employer may opt to pay the contributions on behalf of employees.

An employee who is covered by an employer policy or collective bargaining agreement that provides the employee with greater leave than that provided by the Family and Medical Leave Act may elect not to participate in the Program in accordance with rules adopted by the Director. An employee who elects to opt out of participating in the Program is not liable for any premium or contribution that would otherwise be due under the Program.

Working people in Ohio should not have to worry about losing their job or falling behind financially just to take care of a sick child or relative; address their own serious health condition; or care for and bond with their newborn child. Ohio cities like Dayton and Cincinnati are leading on leave. By allowing working people to put their family first, we can truly make Ohio a better place to live, work, and raise a family.

RE: Request for Co-Sponsorship – Paid Family and Medical Leave

We will soon introduce legislation to create the Ohio Family and Medical Leave Insurance Program. Today we chose to send this co-sponsor request as this date marks the 25th anniversary of FMLA (Family Medical Leave Act). This legislation will provide 12 weeks of family and medical leave benefits, which will permit individuals to care for a family member, bond with a new child, or address their own serious health condition.

Out of 178 countries worldwide, the United States is one of three that does not provide paid leave to new mothers. So far five states—California, New Jersey, New York, Hawaii and Rhode Island offer some sort of paid leave to men and women who provide care. The federal Family Medical Leave Act provides 12 weeks of leave for family and medical reasons. This time is unpaid and employers with fewer than 50 employees are exempt, which eliminates a large segment of workers. Ohio should lead on the issue of paid leave to grow our economy and allow working people to put family first.

The program will be under the purview of the Department of Job and Family Services. An individual would receive leave insurance benefits for: a health condition which makes him/her unable to perform their job duties; caring for a new child during after birth, adoption, or foster care placement; caring for a child, parent, or spouse who has a serious health condition; or the individual is taking any other leave as authorized by the federal Family and Medical Leave Act. RE: Request for Co-Sponsorship = 6 Paid Family and Medical Leave

We will soon introduce legislation to create the Ohio Family and Medical Leave Insurance Program. Today we chose to send this co-sponsor request as this date marks the 25th anniversary of FMLA (Family Medical Leave Act). This legislation will provide 12 weeks of family and medical leave benefits, which will permit individuals to care for a family member, bond with a new child, or address their own serious health condition.

Out of 178 countries worldwide, the United States is one of three that does not provide paid leave to new mothers. So far five states—California, New Jersey, New York, Hawaii and Rhode Island offer some sort of paid leave to men and women who provide care. The federal Family Medical Leave Act provides 12 weeks of leave for family and medical reasons. This time is unpaid and employers with fewer than 50 employees are exempt, which eliminates a large segment of workers. Ohio should lead on the issue of paid leave to grow our economy and allow working people to put family first.

The program will be under the purview of the Department of Job and Family Services. An individual would receive leave insurance benefits for: a health condition which makes him/her unable to perform their job duties; caring for a new child during after birth, adoption, or foster care placement; caring for a child, parent, or spouse who has a serious health condition; or the individual is taking any other leave as authorized by the federal Family and Medical Leave Act. In order to be eligible for program benefits, an individual must file a claim with ODJFS; must have worked at least 680 hours during the base period; premiums have been withheld and remitted for at least one year; and the leave must be for the above-mentioned purposes.

Once established, program benefits will be paid by assessing premiums on employees. Employers will be required to deduct and withhold premiums from employee's wages. However, an employer may opt to pay the contributions on behalf of employees.

An employee who is covered by an employer policy or collective bargaining agreement that provides the employee with greater leave than that provided by the Family and Medical Leave Act may elect not to participate in the Program in accordance with rules adopted by the Director. An employee who elects to opt out of participating in the Program is not liable for any premium or contribution that would otherwise be due under the Program.

Working people in Ohio should not have to worry about losing their job or falling behind financially just to take care of a sick child or relative; address their own serious health condition; or care for and bond with their newborn child. Ohio cities like Dayton and Cincinnati are leading on leave. By allowing working people to put their family first, we can truly make Ohio a better place to live, work, and raise a family.

If you have any questions or would like to co-sponsor this legislation, please contact Dominic Paretti, at 614-644-5079 or via email at Dominic.Paretti@OhioHouse.Gov and Serena Finlay, 614-466-1896 or via email at Serena.Finlay@OhioHouse.Gov. **The deadline to co-sponsor is Friday, March 9 at 4:00pm.**

All Ohio House Members Urging Support for Sub HB 189 - FINAL.pdf

Dear Ohio House members,

We are writing to ask for your **support** and **expeditious passage** of the **occupational licensure reforms** to Ohio's cosmetology industry contained in **Sub.HB 189** before the Spring recess. The announcement this week of more private cosmetology schools closing makes it more important than ever to pass the reforms contained in **Sub. HB 189**. **Six additional school closures** were announced bringing the total number to **28 closures since May 2015** (or around 30%). In addition, we have included a few items raised by opponents that we are willing to work on in the Senate if the bill is favorably passed off the House floor.

I've also attached a list of all public testimony o **HB 189**. In addition the **letters of support from smaller salon owners** around the state, we just received the attached letter of support from Regis Corp that has over 30 brands under its umbrella with hundreds of locations across all 88 counties.

Have a great weekend. Please let me know if you have any questions.

Best regards,

Tony

Anthonio C. Fiore

Good morning everyone,

Since I started in the House, I've had the Ashbrook Center's pocket Constitution and Declaration perched upon my desk. It's a neat little booklet that also contains Lincoln's Second Inaugural, the Gettysburg Address, and excerpts from some of Thomas Jefferson's letters. I've turned to it many times for inspiration, and occasionally, for work purposes. I carried this same pocket constitution while I was in college, when I was just beginning to understand the depth of meaning contained in our Founding documents.

Now, I am excited to carry this same little booklet back to the Ashbrook Center to embark on a new chapter in my career. With it, I carry back a deeper understanding of the legislative process, and great experiences in politics. It still astounds me that we all have had the opportunity to help make law and improve the lives of 11.5 million people. I'm incredibly grateful for the opportunity to serve the people of Ohio. These experiences will all help me with my new mission of cultivating good civics education in our country through the use of primary source documents.

Better yet, I'll also carry with this little booklet memories and friendships that will last a lifetime. I'll miss the House, but I won't be far away. Feel free to stay in touch. My cell is 419-561-0073 and my personal email is brossman4913@gmail.com

RE: Co-sponsor Request: Online Checkbook

In the near future, we plan to reintroduce legislation that will codify a state government expenditure database. This measure is identical to House Bill 46 of the 131st General Assembly, which **passed the House of Representatives in April of 2015 unanimously with 74 co-sponsors.**

Throughout the legislative process, this legislation had no opponents and attracted broad bipartisan support from organizations including the Buckeye Institute, Ohio Public Research Interest Group, and the Ohio Newspaper Association.

Using existing authority, in December 2014, Ohio Treasurer Josh Mandel unveiled www.ohiocheckbook.com, an easily accessible, searchable database of state expenditures for our taxpayers to hold state government accountable for spending. The new website, arguably the best of its kind in the Nation, reflects the intent of this legislation, but it could readily be taken down by a future treasurer of state. Through this legislation, future treasurers, regardless of political affiliation or commitment to transparency, must maintain this important tool that already is providing more accountable government to our state's residents.

If you would like to co-sponsor this legislation, or if you have any questions or concerns regarding its content, please contact Justin Huckle at 466-8120 or Justin.Huckle@ohiohouse.gov or Bill White at 466-0961 or Bill.White@ohiohouse.gov. **The deadline for co-sponsoring this bill is Friday, February 3rd at 5:00 p.m.**

Columbus Dispatch: The Daily Briefing: Ohio Senate president talks insurance mandates at White House

He was joined by Sen. Steve Wilson, R-Maineville, Rep. Mark Romanchuk, R-Mansfield, and Rea Hederman Jr. of the Buckeye Institute.

Cincinnati Business Courier: Ohio dogs soon may get their day on restaurant patios

"I'm a huge animal advocate. There's a number of other states and municipalities that allow it. It's all over Europe," Lanese told me on Tuesday. "Why not allow restaurants to make the decision for themselves? They know their customers best."

Columbus Underground: New bill would allow dogs on restaurant patios

"This legislation gives businesses the freedom to decide for themselves whether or not to allow dogs on their patios," said State Representative Laura Lanese (R-Grove City), who sponsored the bill. "It is also a recognition of the importance of animals in our lives. We already have pet-friendly hotels, pet-friendly parks, and pet-friendly events. It's a good opportunity for marketing our state as pet-friendly for tourism purposes as many travelers want to bring their pets along with them while they travel."

WSYX: Lawmakers looking to allow dogs to dine at restaurants

The sponsor of the bill, Rep. Laura Lanese (R - Grove City) said she started working on the bill after hearing from several restaurant owners who had only recently learned they couldn't have dogs on the patio. She said she understands some people won't want to eat with dogs around.

Cleveland Plain Dealer: Ohio budget bill would expand wrongful conviction payouts

Rep. Bill Seitz, the Cincinnati Republican who sponsored the 2003 bill, said the court got it wrong. The legislature always intended procedural errors, regardless of when they occurred in the case, to make someone eligible for compensation.

WDTN: Ohio congressman hailed a hero for helping Scalise after Virginia shooting
"We're at a time in our country," Rep. Niraj Antani said. "Where we all just need to take a step back."

Youngstown Vindicator: As senior population grows, so, too, must commitment to elder-abuse prevention

Three months ago, State Rep. Wes Retherford, R-Hamilton, introduced House Bill 78, popularly known as the Elder Justice Act. It includes reforms to laws governing procedures of the JFS and Adult Protective Services in all 88 counties to better protect seniors from mistreatment.

The Daily Reporter: Lawmaker seeks tax credit to boost local voting

Rep. Steve Hambley, R-Brunswick, sponsor of House Bill 185, cited Ohio's non-presidential election turnout — 40.37 percent — as justification for his bill.

Perry Tribune: Representatives introduce legislation on right to carry for off-duty officers

State Representatives Larry Householder (R-Glenford) and Laura Lanese (R-Grove City) have introduced legislation to protect the right of off-duty peace officers to carry a concealed weapon.

Dayton Daily News: Backers want Ohio Aviation Hall of Fame at future monument site

State Rep. Rick Perales, R-Beavercreek, has introduced a bill establishing a nine-member board to oversee the Hall of Fame and a 2022 deadline for construction.

Daily Advocate: Guest column from Rep. Keith Faber: Old Glory withstands the changes of time

As public servants of this great nation, our loyalty to "Old Glory" is of the utmost importance; we must uphold the values it represents.

Richland Source: Guest column from Rep. Mark Romanchuk: Remembering the significance of the flag

To many, the American flag is the ultimate symbol of the values that our nation was built on—democracy, equality, freedom, and more. Every day, it flies above us, standing strong in the face of the adversities our nation encounters.

Times Reporter: Guest column from Rep. Al Landis: Legislation strengthens our families and communities

An important part of the success of the House Republican Caucus is to have a focused, member-driven policy platform that serves as the guiding principle behind priority

legislation. Earlier this year, our caucus unveiled the Buckeye Pathway, our policy agenda for the 132nd General Assembly.

News Journal: Guest column from Speaker Rosenberger: Wilmington's indeed split-tacular

A banana divided in two, topped with three scoops of ice cream, and finished with chocolate syrup, whipped cream, and a cherry. What could possibly be more delicious on a hot summer day? To us in Wilmington, what makes the banana split so special is that it was originally created right here in 1907.

"I'm a huge animal advocate. There's a number of other states and municipalities that allow it. It's all over Europe," Lanese told me on Tuesday. "Why not allow restaurants to make the decision for themselves? They know their customers best."

Columbus Underground: New bill would allow dogs on restaurant patios

"This legislation gives businesses the freedom to decide for themselves whether or not to allow dogs on their patios," said State Representative Laura Lanese (R-Grove City), who sponsored the bill. "It is also a recognition of the importance of animals in our lives. We already have pet-friendly hotels, pet-friendly parks, and pet-friendly events. It's a good opportunity for marketing our state as pet-friendly for tourism purposes as many travelers want to bring their pets along with them while they travel."
